## Section S – Sprints, Hill Climbs & Drag Racing

### Proposed Regulation

#### Public Highway

**10.11.** Where cars are required to compete in a road legal condition they must comply with Section J of these regulations, and all statutory regulations concerning the construction and use of vehicles. In addition such cars must:

**10.11.1.** Be currently registered and taxed as a private car.

**10.11.2.** Have registration documents and, where a car is required by law to have a certificate, a valid MOT Certificate where appropriate. These documents must be produced at scrutineering UPON REQUEST.

**10.11.3.** Only a full MOT including lighting is acceptable. See 10.7.2.

**10.11.4.** Display registration plates in compliance with the current Road Vehicles (Display of Registration Marks) Regulations, unless the Official Documents specify otherwise.

#### Date of Implementation: Immediate

**Reason:** To allow for Supplementary Regulations to permit registration plates to be removed or covered in the Standard Car and Road Car categories. All other requirements for road legality remain in place and Competitors would still be required to prove that vehicles are road legal at scrutineering as usual practice.
