

CLUB NEWS – November 2025

Hi Club Colleague,

Welcome to this month's edition of Club News!

Read below to find out more about:

- Club Renewal Reminder
- Save the Date – New Year Club Webinar with David Richards and Hugh Chambers
- British Motorsport Trust
- Event Secretary and Event Officials registrations
- Updates from the Sporting & Safety Team
- Safety Rocks Webinar
- Club Calendar – December

Please share Club News with your event organisers. You can download a PDF version of this newsletter [here](#).

Reminder – Club Renewals are now open

You can now renew your Club Affiliation for 2026 through your Sport:80 account. You can find a step-by-step guide [here](#).

If any changes have been made to your Club officials, then please complete the following form:

[Club Officials Registration](#)

Remember, your **Club Safeguarding Officer's** licence needs to be up to date before the renewal can be completed. Contact safeguarding@motorsportuk.org who will be happy to help.

If you have any questions or need any guidance, please don't hesitate to contact the Club Development team at club.development@motorsportuk.org.

Save the Date - New Year Club Webinar 2026

We are hosting our annual New Year Club webinar with David Richards and Hugh Chambers on the evening of Wednesday 28th of January.

Talking all things motorsport, this webinar focuses on what to expect from Motorsport UK for the upcoming year, as well as reflecting back on David Richards' 8 years as Chairman.

Keep the date free to hear all about what is happening in motorsport in 2026, with more information to be released in the coming weeks.

You will also have opportunity to send in questions for the panel to answer, so keep an eye out for the registration form coming soon.

British Motorsport Trust

Every year the British Motorsport Trust invest hundreds of thousands of pounds into making UK motorsport safer for competitors, officials, and marshals.

The Trust has played a pivotal role in funding the introduction of FIA High-Tech light panels at UK circuits, providing resurfacing works and barriers at Karting and Hill Climb venues and supporting clubs with rescue & recovery vehicles as well as other vital safety equipment. If you have competed or volunteered in motorsport in the UK, you would have benefitted from the work of the Trust.

In order to continue the current levels of investment, the Trust is reliant on the UK motorsport community to support its work.

We encourage Clubs to promote the British Motorsport Trust, and as such we have produced promotional materials to use on event regulations and other documentation. You can find a template [here](#), and we also have a PNG file available on request.

Event Official Registrations

Applications for our new Event Official Registrations are now open. The new grades added onto the Sport:80 platform include Event Steward, Event Secretary, Event Safety Officer (Stage Rally), Competitor Liaison Officer (Stage Rally) and specific registrations for Clubs operating events under a Super K-X Karting permit.

Registrations are not mandatory but are intended to better recognise the tremendous work carried out by volunteers across the UK who haven't previously had the option to register with the governing body. In addition, we hope these registrations will allow us to better communicate with individuals carrying out these roles and provide training and support opportunities.

As a Registered Club, we would be grateful if you could encourage your members that undertake these roles to register with us. Applicants will need to supply a letter of nomination from a Club for the role(s) they are applying for. Once your application is approved you will receive a digital registration card which can be downloaded onto your smartphone wallet.

You can find a step-by-step guide to the application [here](#).

While there is a selection of grades to choose from, this list is by no means exhaustive, and we will work to introduce other role types in future. If you have any questions about the new registrations, please get in touch by emailing officials@motorsportuk.org.

Updates for Clubs from the Sporting & Safety Team

Please click below to read updates from the Sporting & Safety Team regarding various different disciplines and information for event organisers. Topics include:

- NCR Update
- 2026 Track Licence application
- Regulation Consultation

Read the Sporting and Safety Updates [HERE](#).

Safety Rocks Webinar

Looking to improve Health and Safety compliance for your Club?

Thanks to our official Health and Safety partner, Safety Rocks, you can get ahead of the game and review your risk management in time for the 2026 season...

Launched in 2015 by Carla Crocombe, Safety Rocks was launched to shake-up the world of Health and Safety by improving risk management standards and spark real, meaningful change across a variety of industries.

Open to our Motorsport UK community, join a free 60-minute webinar hosted by Safety Rocks and Motorsport UK, to help debunk your business and personal legal requirements.

With content created specifically for the motorsport industry, find out how to manage risks and keep your people safe.

Free to attend, the final webinar in the series will take place on Wednesday 10th of December at 1pm.

You can register for free [here](#).

Club Calendar

This month's calendar offers a variety of learning opportunities, including the final Safety Rocks webinar. Take a look at the calendar to see if any sessions are suitable for you.

Regulation Changes

To help you stay informed about consultations relevant to your area of interest, we encourage you to reconfirm your notification preferences. Please [visit our website](#) and scroll to the bottom of the page to update your email preferences.

You can now sign up for WhatsApp Regulation Alerts from Motorsport UK. These short updates notify you of regulatory changes as they happen, helping you stay informed and prepared when planning and running your events. To join, simply click [here](#).

The NCRs are fully digitised, searchable and always up to date in your pocket, now available in [browsers](#) or through the mobile app available to download on the [App Store](#) or [Google Play Store](#).
