We Need to Torque...

Click-Torque Lock

This isn't your regular torque wrench. With a deactivatable torque function, it tightens, loosens, and measures torque all in one tool. That's versatility worth talking about.

1

Reversible Ratchet

45 tooth reversible ratchet with robust release mechanism when set torque value is reached.

2

Nm
ON / OFF

Torque Lock

The torque function can be deactivated so that the tool can be used for loosening.

3

Easy Setting

With audible and tactile signals when setting the desired torque value.

WERA TOOLS BRITISH KART CHAMPIONSHIPS - HONDA CADET CLASS

CHAMPION 2025

Riley Blakemore

Honda Cadet 2025 – A lesson in what it means to never give up hope. After a difficult start to the season, a run of five scores inside the top three, including a victory in the Final on the first day of Whilton Mill's double-header, gave Riley Blakemore the chance to win the title on the last day of the season.

Having started strong through the heats, topping the intermediate standings for another maximum score, Blakemore's quest for the title looked to be over after a spin in the second final at Whilton Mill.

However, a twist of fate for Ronnie Jones, dropping from the lead to third in the final couple of laps meant Blakemore held on and sealed the title by five points.

Despite the setback, it was still a magnificent rookie season for Jones, who took second place and the 'O' Plate earlier in the year.

Archie Loveridge's season should also receive great credit. Issues at Whilton Mill sadly diminished the chances of the Ambition Motorsport driver to win the Honda Cadet British title. Loveridge's four wins in finals at Warden Law, Larkhall and twice at PF International made history in the class for a consecutive run of round wins.

WERA TOOLS BRITISH KART CHAMPIONSHIPS – IAME WATER SWIFT RESTRICTED

CHAMPION 2025

Albi-Jay Stubbs

Xcel Motorsport's display in IAME Water Swift Restricted was almost flawless in 2025. For new British Champion Albi-Jay Stubbs, a run of fourteen points scores inside the top two, including six victories in finals – twice at Warden Law, twice at PF International, Glan-Y-Gors and Kimbolton – were the bedrock of his championship campaign.

Stubbs was kept honest throughout by his Argenti Academy-backed Xcel teammate Bodhi Batch. A similarly impressive run from the eight-year-old meant the Anglo-Emirati team won every final across the season. Batch secured second in the standings and Top Rookie with a perfect weekend at Whilton Mill, winning both finals to take his tally for the year to three.

Jayden McElhinney secured third in the standings for Irish team Daly MotorSport, who along with teammate Kory Lyons secured maiden podiums for DMS in the championship. Stubbs also took the 'O' Plate early in the season. Patrick Wood finished as Top Privateer with commendable performances through the season.

WERA TOOLS BRITISH KART CHAMPIONSHIPS - MICRO MAX

CHAMPION 2025

Dhian Singh Pahal

Of all the stories in the British Karting season of 2025, the scenes at PF International for MicroMax's title decider will live long in the memory. MicroMax served up yet another 2025 Cadet-level nail biter, with two drivers still with a chance of claiming the British title going into the last race of the year.

Knowing only a win would be enough to overturn the points deficit before the final, Dhian Singh Pahal snatched the British title with a brand of tenacious and brave racecraft to take a brilliant victory at PF International for the Richardson Chassis Engineering squad and the championship by a single point.

In truth, Dunkeswell's second round of the season was the turning point. A breakthrough maiden win in a final, celebrated in a style full of energy, gave Pahal the belief that early season pace setter Benediktas Masiokas could be caught. Masiokas's win at the 'O' Plate and perfect rounds at Warden Law and Larkhall meant the Lithuanian driver was a force to be reckoned with. Despite just falling short, Masiokas has still impressed many this year for the SFR Motorsport team.

Credit should also go to Alfie Garrett (SFR), for third in the standings and the victory at Kartmasters. Harris Barber and Dimi Usunov also sampled victory at Whilton Mill and PF International, respectively, in rounds of this year's MicroMax British Kart Championship.

MIGHT-E

ELECTRIFYING RACING AS CADETS JOIN BAMBINOS AS GUESTS IN THE BKC PADDOCK

Following on from a successful 2024 edition, the MIGHT-E Bambino class joined the Wera Tools Motorsport UK British Kart Championships paddock in July at PF International for their 'O' Plate. Along with them in 2025, the Cadet class – the next age bracket up, joined for the first time.

With practice and qualifying on Day One, the drivers got up to speed with the unique challenge of PF International. For many drivers, a first visit to the country's premier circuit. Teddy Smith took pole position in the Bambino category, while Terence 'TJ' McKay did likewise in Cadet.

Two sets of heats on Sunday preceded the finals with Felix Tandy and Logan Edwards on the front row in Bambino and the duo of William Crombie and Harry Stinson shared the front of the Cadet final.

In those finals, Edwards held off the field of 15 drivers to win in Bambino from Tandy and a well-supported Zayn Sofuoglu, pleasing many of the international viewership on the Alpha Live broadcast. Northern Ireland's Stinson won convincingly in Cadet ahead of Noah Wiklo and Will Beattie.

Next year will see further growth of MIGHT-E racing. For more information, head to mighte.co.uk.

WERA TOOLS BRITISH KART CHAMPIONSHIPS – IAME WATER SWIFT

CHAMPION 2025

Austin Newstead

Another IAME Water Swift British Kart Championship grid full of quality – the class of 2025 were often described as the toughest grid in any national Inter-level field in Europe, with many of its competitors running dual campaigns at the front of both the British and continental competitions.

Austin Newstead, with the support of Fusion Motorsport, galvanised himself, not once but twice, to strike back after disappointment on the way to the British title. The season did not start well during Round One at Warden Law. A bounce-back win during Round Two at the same track triggered a run of twelve strong scores, including a final win at Glan-Y-Gors and podiums at PF International, Kimbolton and Whilton Mill.

It was Newstead's tenacity and consistency that allowed him to secure the British title a round early. Particularly impressive was Newstead's strength to remain focused after losing out at Kartmasters. His mental fortitude will serve him well in his future racing career.

Austin Gibson secured second place with another strong season with two wins at PF International. Colbe Pattison broke Fusion's hold on the championship rostrum for Xcel Motorsport. Along the road, there were also round wins for Harry Williams, Alfie Davidson, George Clarke and Daniel Ferguson.

WERA TOOLS BRITISH KART CHAMPIONSHIPS - MINI MAX 950

CHAMPION 2025

Emerson MacAndrew-Uren

Is there an Inter-driver in 2025 with a stronger record than Emerson MacAndrew-Uren? Perhaps not, and with the Dan Holland Racing driver marching towards a second British Kart Championship title, MiniMax 2025 may taste even sweeter than the MicroMax title in 2023.

Four round victories at Dunkeswell, Larkhall, Whilton Mill and PF International. A Kartmasters victory and the 'GP' Plate in the summer. Success in Europe, claiming multiple tickets to the Rotax Grand Finals being held later this year.

2025 was the year the young man from Upper Heyford cleaned up despite fierce competition throughout. He always had the answers for their questions, so the writer will pose this one, what next for Emerson MacAndrew-Uren?

'The Human Highlight Reel', Riley Murro also shone with bravery and stunning overtaking ability to secure second in the standings for Sam Pollitt Racing. Alfie Mair led the charge for SFR Motorsport with third. Max Jolly took the 'O' Plate and a round win at Warden Law. Josh Cormack finished the season with a birthday present to close his time in MiniMax, winning the final round at PF International.

MOTORSPORT UK KARTSIM BRITISH ESPORTS CHAMPIONSHIP

Across four intense rounds at Kimbolton, Glan-Y-Gors, PF International and Whilton Mill, the 2025 Motorsport UK KartSim Esports Championship delivered close racing, smart strategy and incredible consistency from the very best KartSim drivers in the UK. Drivers first fought through a week of hot-lap qualifying at home, with the fastest 30 Cadet and Senior drivers earning their place in each live final, where championship points were decided on race results alone.

Tonight's awards celebrate the standout performers from both categories. Our newly crowned Cadet and Senior champions demonstrated speed, racecraft and composure under pressure, rising to the top over the course of the season, while all podium finishers helped make this one of Motorsport UK's most competitive and exciting esports championships yet.

TILLOTSON T4

UK SUCCESS IN A GLOBAL BUDGET-FRIENDLY FORMULA

The Tillotson T4 Series once again joined a number of events for this year's Wera Tools Motorsport UK British Kart Championships as UK drivers once again showed their talents on national and international stages.

With a focus on budget-friendly racing, the Tillotson T4 Series continues to grow and offer drivers a pathway to step either from arrive-and-drive formulas or club-level owner karting to race nationally and even represent their country at the T4 Nations Cup, all with their own machinery. The four-stroke formula brings high-level karting to the masses and joined the Wera Tools British Kart Championship paddock twice in 2025.

In March, the Junior and Senior categories joined the paddock at PF International for the first 'O' Plate weekend to compete for places through to the T4 Nations Cup. 2024 British Honda Cadet champion Ralphie Branscombe took victory in Junior, while Aaron Coogan of Ireland won in Senior.

At the end of August, the classes joined for Event Eight at Whilton Mill to compete for the T4 Series 'O' Plates. In Junior, a dramatic finish saw Samuel Chilton victorious – a tremendous example of a driver moving from arrive-and-drive, into owners and earning success on a level playing field. In Senior, Phil Rawson used his vast experience to take first place, including beating Noah Rosser, T4 Nations Cup winner for the United States.

Rawson also won the Senior title in the T4 Series United Kingdom Championship which visited Buckmore Park, Clay Pigeon and Rowrah this year. Ferenc Hevesi took the championship in the Junior ranks.

The T4 year culminated in Valencia at the renowned Kartodromo Internacional Lucas Guerrero for the 2025 edition of the T4 Nations Cup. The multi-day event was a triumph for British talent as Team United Kingdom took the Teams' title with a selection of great results.

Those results included T4 Nations Cup driver's titles for Logan Rolfe in the Mini category, winning by 0.016 seconds ahead of fellow Brit Lewis Kirkaldy, Finlay Lines in Junior, another international success for one of the UK's brightest stars, and Anwar Beroual-Smith in Senior 168, a proud moment for the multiple-time champion who has honed his craft on the Motorsport UK Karting Pathway in the Arrive and Dive series.

For more information on the Tillotson T4 Series, head to tillotson.ie/t4-series-uk and find out how to get involved.

WERA TOOLS BRITISH KART CHAMPIONSHIPS - JUNIOR ROTAX CLASS

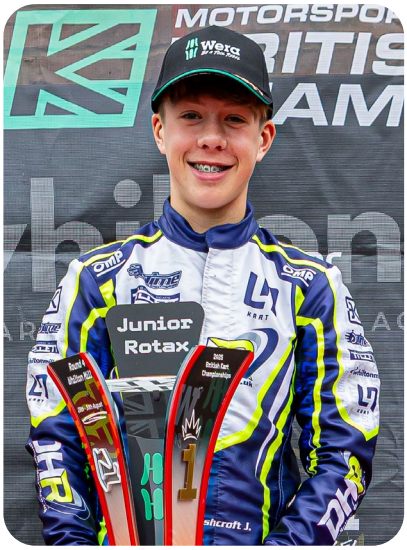

CHAMPION 2025

Jacob Ashcroft

After a year in 2024 when the opposition broke their hold across the Rotax titles, Dan Holland Racing put forward their A-grade player to lead the charge in Junior Rotax for 2025. Fresh off winning the Rotax Grand Finals in Sarno, Jacob Ashcroft knew from the start that all eyes would be on him, making the quest of winning a first British title that little bit harder.

Dominant performances at Warden Law, Larkhall and Whilton Mill laid the foundations for a title charge. Ashcroft didn't finish any lower than third at any points-awarding stage across the first four rounds, including three round wins at the aforementioned tracks. A professional pickup of points at PF International sealed the title a round early, winning in the end by nearly fifty clear points.

Albie Lapper reinvented himself into a bona fide winner on the way to second in the championship with wins at PF International at Round Seven and the 'GP' plate at the same venue earlier in the year. 'O' Plate winner Leon Hastie took Kraft Motorsport to third. Cameron Nelson and Charlie Woolfitt took round wins at Dunkeswell and PF International, respectively.
All eyes now turn to Bahrain to see if British success can be sustained at this year's Rotax Grand Finals.

WERA TOOLS BRITISH KART CHAMPIONSHIPS - JUNIOR X30 CLASS

CHAMPION 2025

Riley Cranham

Was it ever in doubt? Similar to his predecessor, 2025 Junior X30 champion Riley Cranham had a testing start to his season. However, by the time the season opener for the British Kart Championships rolled around, Fusion Motorsport's Junior team leader was in no mood to give others a whiff of a championship winning opportunity.

An 'O' Plate victory was followed up with a double win at Warden Law, a perfect scoring weekend in the North East. Strong point scoring through the heats in each round followed and coupled with his regular podium visits in finals; despite not winning another final, Ormskirk's finest took the title a round early.

The British title, like Harrison Mackie the year before, was doubled with a continental title. Then tripled with a special victory at Kartmasters. In tandem with mechanic Louis Dymond, this duo was always one step ahead of the rest.

There were bright moments for others who will look to 2026 with promise. Jorge Edgar's double victory at Glan-Y-Gors and perfect weekend at Kimbolton were highlights for Mick Barrett Racing. Aaron Richardson (Fusion) and 2024 top Rookie Maayan Patel (MDL Motorsport) shone with two round wins apiece, breakthrough seasons for both.

WERA TOOLS BRITISH KART CHAMPIONSHIPS - SENIOR ROTAX CLASS

CHAMPION 2025

Matthew Higgins

At times, a first British title since his Junior Rotax success in 2020 looked to be agonisingly out of his reach. Hard luck at Warden Law, Dunkeswell and Larkhall left Matthew Higgins mired in the mid-table as others capitalised on problems for the Dan Holland Racing team.

'No British round victory for 5 years' was the call before Whilton Mill in a streak seemingly unyielding no matter how hard Higgins tried. August 30th would be the day that statistic was wiped clean, winning Round Four, but not before a near season-ending crash in preparation for the World Championships looked to strike the Welsh driver with bad luck yet again.

Medically cleared, Higgins put disappointment in Kristianstad behind him to return to PF International – the scene of many of his karting successes - and put on a masterclass. After winning a second British round on the spin in the first half of the season-finale double header, a professional drive saw Higgins victorious after the final race of the season, holding off Sunday PF International round winner Harry Bartle by nine points.

A successful first Senior Rotax campaign for Bartle secured second place for Strawberry Racing, who also won at Dunkeswell. Early-season pace-setter and winner at Warden Law, Lewis Gilbert claimed third for Kraft. 2024 Champion Macauley Bishop's win at Larkhall reminded the paddock of his talents.

WERA TOOLS BRITISH KART CHAMPIONSHIPS - SENIOR X30 CLASS

CHAMPION 2025

Freddie Lloyd

For the first time since 2022, a new name is inscribed on the Senior X30 British Kart Championship trophy. Freddie Lloyd raised eyebrows early in the year, switching teams to Premium Karting, but he knew he'd need everything to be right to take the fight to, and this time beat, Gus Lawrence.

Whilst teammate Harrison Whitticombe took the plaudits at Warden Law, Lloyd would have to wait till the second double-header at Glan-Y-Gors to get into his stride. A double round victory in North Wales would get the holder of the 2 plate going and with follow up victories at Kimbolton, by a whisker, and another double at PF International, Lloyd trades that plate in for the #1 plate in 2026.

Going the other way, Gus Lawrence's title defence was admirable, a Race-of-the-Year contending victory at PF International the highlight. In the end, Lloyd was just too good to stretch the streak to four British Senior X30 titles.

Whitticombe secured third for Premium Karting, the clean sweep at Warden Law the highlight as the Welsh driver ran a dual-campaign alongside being the inaugural Senior UK representative in the FIA Academy Trophy this year. Harrison Mackie's round win at PF International in Round Five showed he's carried over his speed from Junior X30. Fred Green targeted the one-off races, winning both the 'O' and 'GP' Plates this year.

WERA TOOLS BRITISH KART CHAMPIONSHIPS - KZ2 CLASS

CHAMPION 2025

Oliver Stewart

KZ2 2025 – a tale of two Jades; both stories as compelling as one another. Four rounds at Warden Law, Dunkeswell, Glan-Y-Gors and Kimbolton would be the stages for this year's British Short Circuit Gearbox Kart title.

The season started with an emotional return for Oliver Stewart, back in the Jade Racing Team awning after his long layoff to recover from injuries that prevented the Scotsman from racing most of 2024. A third place behind Ella Stevens and Timo Jungling was heroic. Another set of podiums followed at Dunkeswell and Glan-Y-Gors, the latter crucial as Stewart scored major points on a weekend when other teams arguably had more speed than the Birels.

With teammate Stevens not quite able to outscore in the final round, Oliver Stewart became 2025 British KZ2 Champion. A feat scarcely believable one year ago. Ella Stevens can still be proud of her 2025 campaign. Back-to-back 'E' Plates were secured at Shenington in the summer. A clean sweep round win at Dunkeswell gave her the points lead at the halfway stage and inspired many, particularly younger drivers, in the paddock. A beacon for female participation in the sport, Ella also impressed at a recent F1 Academy Rookies test.

Miles Murphy continued his streak of always ending a season in the modern era with a seeding. Third this year, a second place on the road at Glan-Y-Gors the highlight – highest placed of the regular championship runners. Other round winners included guest appearances from international stars Timo Jungling and Noah Wolfe – more on those two later.

INTERNATIONAL RECOGNITION

British drivers once again proved their strength on the global stage in 2025, showcasing talent from every corner of the nation with a remarkable haul of international successes. Leading the charge was Noah Baglin, who delivered a standout season by becoming FIA OK-J World Champion—only the fourth Brit to claim the title in the OK-J era—alongside a European Championship runner-up finish and the Champions of the Future Euro Series crown. Fellow BKC alumni also excelled, with Joe Turney securing consecutive FIA World Championship podiums in OK, while Timo Jungling and Noah Wolfe delivered a memorable double British podium in KZ2 at Franciacorta.

In the OK categories, Zac Drummond clinched third in the FIA European Championship, with Kenzo Craigie taking the Champions of the Future title in Senior OK. British strength continued in IAME X30 racing, where Riley Cranham and Jesse Phillips starred in Juniors, and George House and Austin Newstead delivered more silverware in X30 Mini. The IAME Warriors Final added further glory with global titles for Jack Dex (X30 Master), Daniel Ferguson (X30 Mini) and a dramatic last-corner victory for Max Endacott in X30 Junior, extending Britain's winning streak in the class. Drummond added another runner-up finish in X30 Senior.

Rotax competition brought yet more triumphs, including Euro Trophy titles for Riley Murro, Jacob Ashcroft and Sean Butcher, plus four British victories at the RMC International Trophy in Le Mans. With 29 Team UK drivers preparing for the Rotax Grand Finals in Bahrain, Britain's international presence remains formidable.

These achievements reflect only part of the story; British karting continues to be a global powerhouse and a vital proving ground for motorsport's future stars. The Wera Tools Motorsport UK British Kart Championship proudly celebrates its drivers and looks ahead with excitement to 2026. Special recognition goes to Harrison Whitticombe and Finley Lines for representing the UK in the FIA Academy Karting Trophy, and Lizzy Mentier at the FIA Arrive and Drive World Cup.

Wera Tools BRITISH KART CHAMPIONSHIPS

There are many screwdriving tools... But unlike others, Wera do not believe that tools have reached their ultimate stage of development. We are always searching for new ideas. We think differently. We question things. And in doing so, develop screwdriving tools such as the Zyklop ratchet and the Joker open-end wrench - tools that have turned the familiar into the exceptional. The term 'Tool Rebel' first came up when Wera surveyed its customers, asking them what they thought of the company. Many described Wera team members as 'Tool Rebels', because they re-invent screw-driving tools and develop such incredible (almost insurgent, rebellious) solutions to problems often thought unsolvable.

Are you a Tool Rebel? Visit *www-uk.wera.uk*
