## PREFACE - Major Events (2026 Motorsport UK Sporting Trials British Championship)

For the 2026 Championship, a limited number of **'Major'** Events have been introduced as a pilot initiative, following a proposal by the Motorsport UK Trials Committee and a survey of 2025 Contenders.

Major Events are intended to enhance the sporting significance of selected Qualifying Events within the Championship by applying an extended points scale and by allowing those Events to make a greater contribution to Championship standings. This approach is designed to increase engagement throughout the season, maintain competitive interest across a wider range of Events, and provide additional opportunity for Contenders to influence their Championship position.

For the 2026 Championship, five (5) Events will be designated as Major Events. Each Competitor may enter up to three (3) Major Events to **count** towards their Championship results as enhanced Qualifying Events.

At a Major Event, Championship points will be doubled and awarded from 1st place overall to 20th place, with 40 points awarded for 1st place, 38 points for 2nd place, and so on down to 20th place receiving 2 points.

Each Major Event will count as two (2) Qualifying Events attended for the purposes of Championship scoring, allowing a maximum contribution of six (6) Qualifying Events attended to be achieved through Major Events.

---

The designation of Major Events for 2026 has been made with consideration given to achieving a reasonable national geographic spread and a reasonable distribution across the Championship calendar, in order to promote accessibility for Competitors and to avoid undue weighting of any single part of the season.

The operation and effect of Major Events for the 2026 Championship are defined in Section 4 - Scoring of these Regulations, and will be reviewed following the conclusion of the season.

Competitors are invited to submit feedback on the operation of Major Events via the following email address:
